Once Upon a Time...

...The evil witch Zara and her mischievous Bogs invaded the kingdoms of Cinderella, Ariel, Snow White and Jasmine and stole their Time, Sound, Color and Trust.

The Disney Princesses now need your help! Playing as your own adventurous customizable heroine character, you must enter each world and restore their kingdoms before they are changed forever.

Be careful! Each world is full of challenges and mischievous villains. Only your magic wand and your good sense will see you through.

Parental Tips

1. To start the game, refer to page 6 of the manual.
2. In this game your child can play Single Player mode, or with a friend in Two Player mode, as she journeys into the kingdoms of four Disney Princesses.
3. The game automatically saves whenever your child sees the Wii console icon on-screen. To load a previously saved game, select Load Game from the Main Menu.
4. Press the **Z Button** to interact with people. **Swing the Wii Remote up and down** to cast magic. **Move the Wii Remote left and right** to perform a magic twirl. For a charge attack, **point the Wii Remote up and swing it down**. Use the **A Button** to jump. To move, use the **Control Stick** or the **+Control Pad**.
5. To customize the Princess, find the Shirt icon in the castle of Gentlehaven.
6. The Princess levels are organized by difficulty. Ariel's kingdom is the easiest, followed by Jasmine's and Cinderella's. Snow White's kingdom is the most difficult.
7. You can journey to any Princess level at any time, but you have to play the chapters in order. To venture into another Princess's kingdom, press the **+ Button**, then choose Return to Castle from the Menu.
8. If you get stuck, the Pixie will assist you with reminder messages, so pay close attention to what she may have to tell you.
9. In case you get lost, just look for the path of gems. Those will lead you in the right direction.
